

**HAYER & BOECKER**  
**WIRE WEAVING AND ENGINEERING WORKS**  
 Ennigerloher Str. 64  
 D-59302 OELDE/WESTPHALIA

**Declaration about contamination of test sieves, test sieve shakers and samples**

Test sieves or test sieve shakers can only be repaired and/or serviced, if they are sent in with a **safety sheet** describing the materials that have been in contact with the test sieves or test sieve shakers.

The sender may submit a **declaration of safeness** when sending in his goods.  
**This declaration must be filled in and signed by authorized persons only.**

For further treatment of the goods sent in we need the following informations:

- Are there any risks for persons and environment? Yes  No
- Are there any measures for safety or conduct necessary? Yes  No
- Behaviour in case of danger and first aid
- Proper disposal

Furtheron we would like to have informations, whether the following materials have been in contact with the product:

- Materials with MAK- or TRK-value Yes  No
- Carcinogenic products Yes  No
- Genetically dangerous products Yes  No
- Products changing genetic make-up Yes  No
- Skin resorptive products Yes  No
- Products with sensitizing effect Yes  No

**Pollutants that have been in contact with the test sieves or test sieve shakers**

Trademark Productname Manufacturer	Chemical term (eventually formula) Dangerous ingrediants	Class of danger R/S-Clauses	Measures in case of releasing of pollutants
